Broadening Student Horizons

We are delighted to part of PiXL's Reading hub as we continue to develop and share a love of reading across school.

This term sees the shared reading of a further four short stories before the arrival of our first tutor group novels selected from the Park High School Reading Canon - chosen **to broaden students' understanding and exposure to a whole range of historical, social, cultural and political aspects of the world – building on cultural capital** and the ability to navigate the world we live in successfully. The teacher led nature of the shared reading time enables understanding of sensitive issues in a controlled, safe and well informed environment.

.....Most importantly, however, these books have been hand selected to ensure students can, engage, enjoy and truly love reading.

The big reveal of the selected novels will follow in the coming weeks via Parents@Park

- **COVID-19 lateral flow testing at home will continue twice weekly until further notice.**
