

### Parents@Park 22/10/21

This half term has flown by! Park life feels back to its vibrant best following many Covid enforced changes and although we have had to find a 'new normal', students have adapted brilliantly well and have fully embraced all that this busy term has had to offer. Students now deserve a well earned break before we open our doors on 01st November for a full and enriching half term two. Enjoy!

### Notices

- Stop press!! Trips are back!!

The MFL Department are so excited to announce they will be running a **Year 8 French Immersion Trip to London** during the summer term from the 18th July until 21st July 2021 (the final week of the summer term). [Please see here for more information](#)

- Please see [here for Year 9 Parents Evening](#) and [here for booking](#). Instructions and booking guidance and how to attend video calls can also be found [here](#).

- Parents will be receiving emails regarding FSM Vouchers for the half term period and the postal vouchers ones have been sent in this afternoon's post.

## Final Credit Rewards Winners of Half Term 1

Super work from so many students - Well Done!

#hardwork#bethebest#win

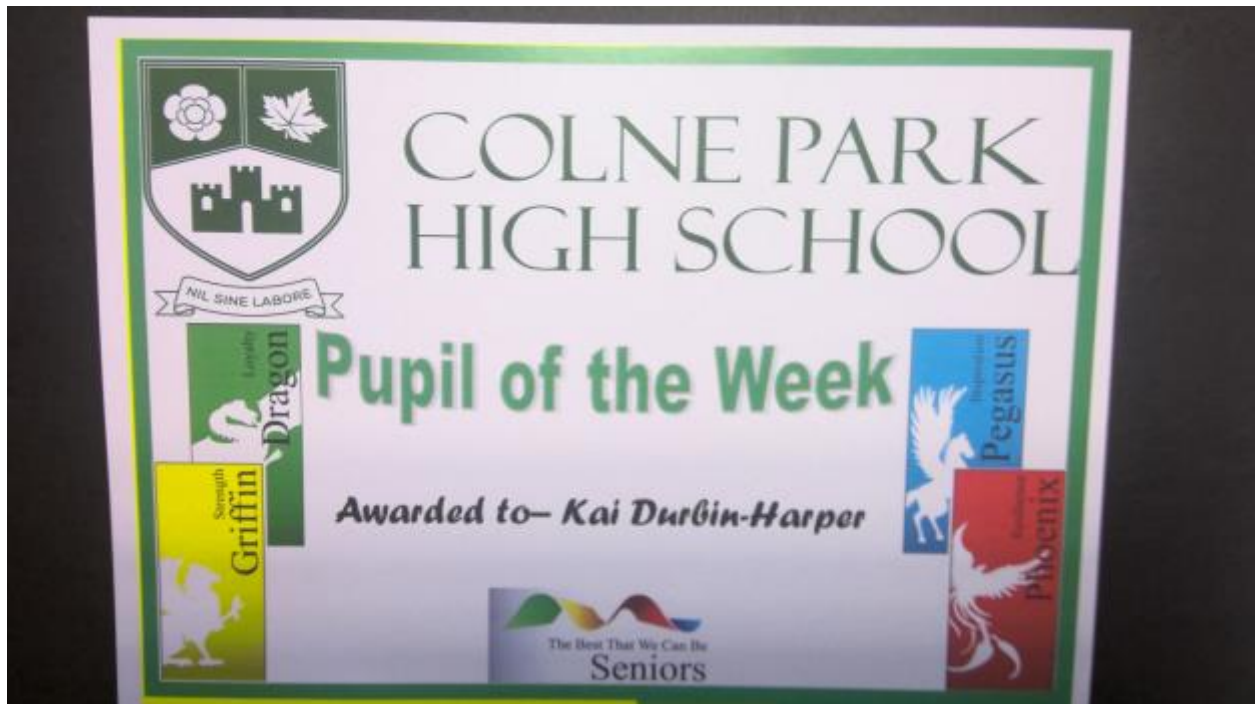

Top credit winners and the Top Park Point winners of this half term

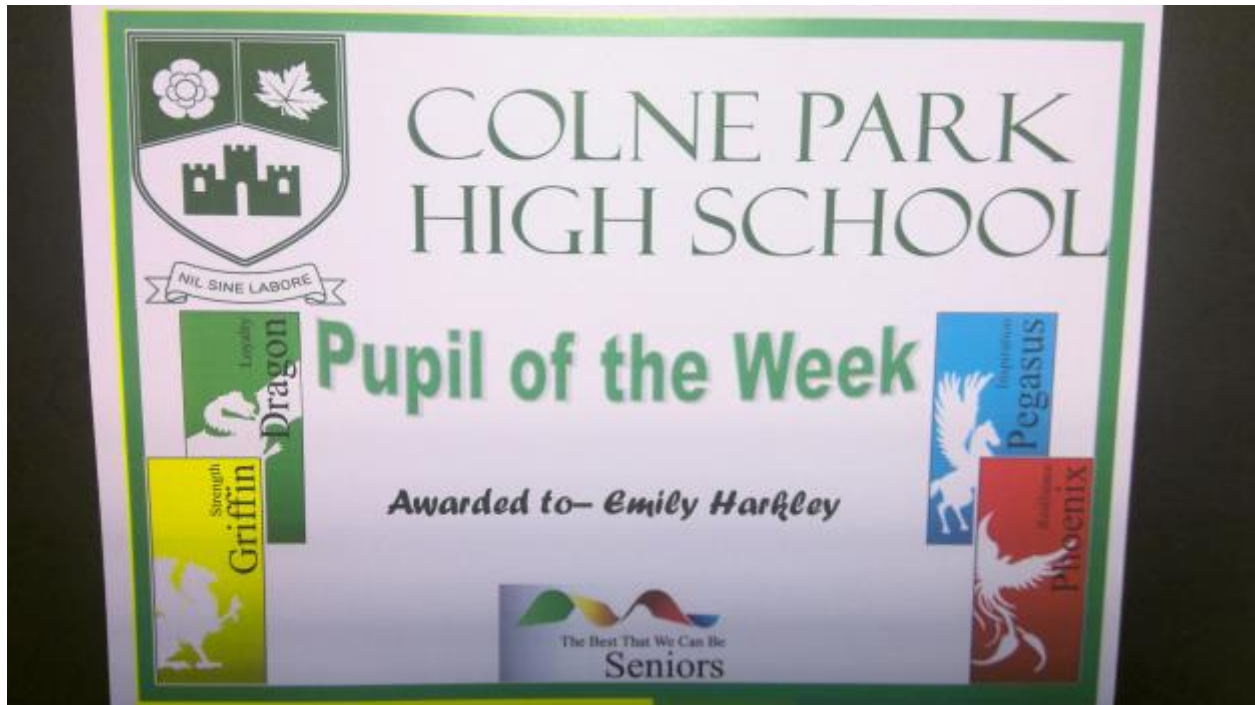

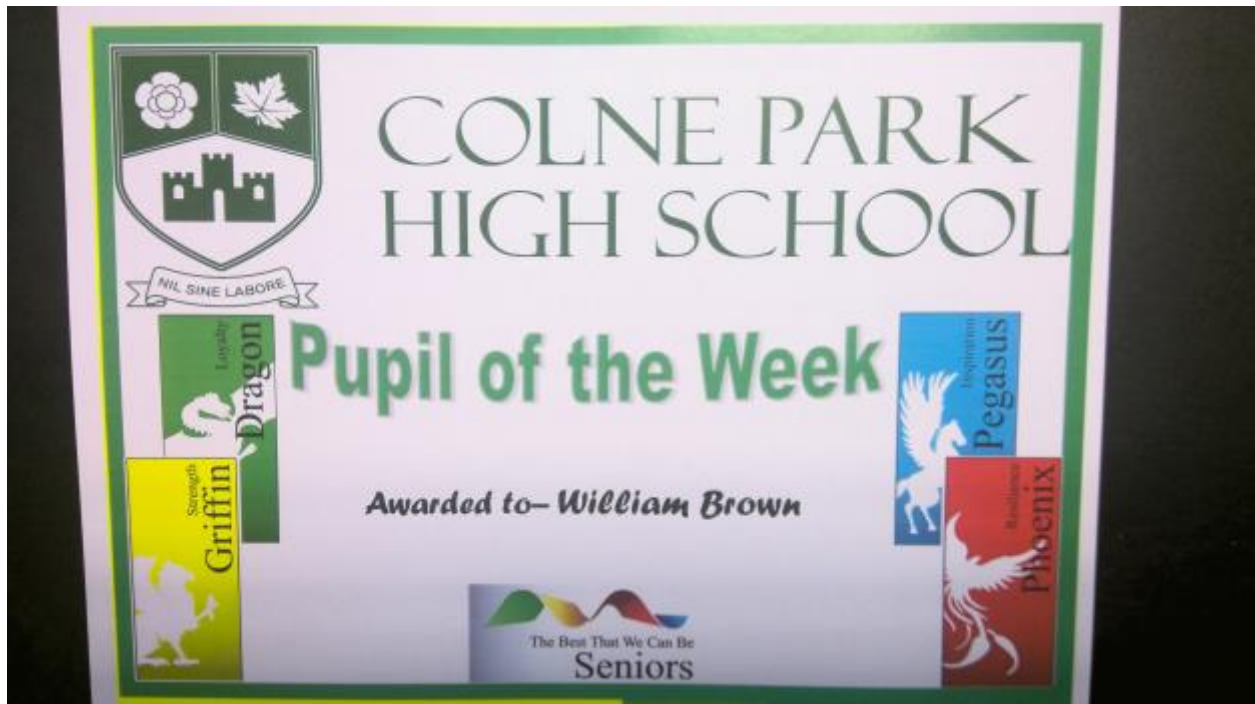

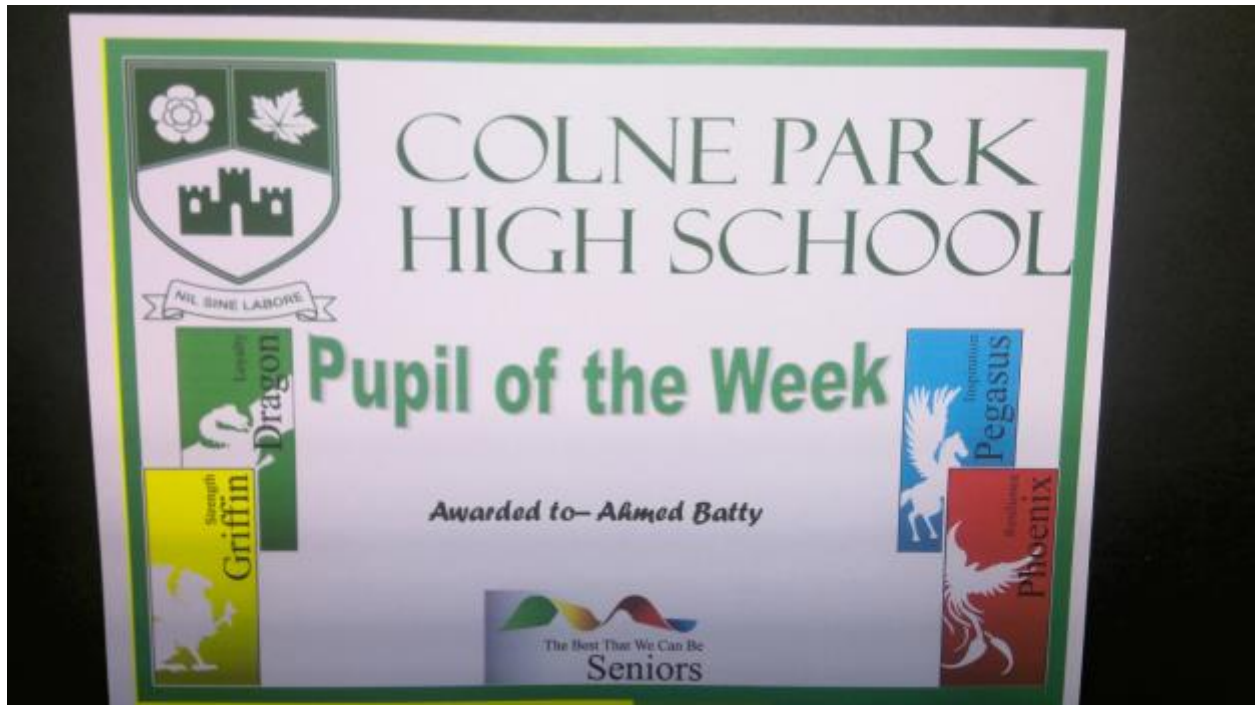

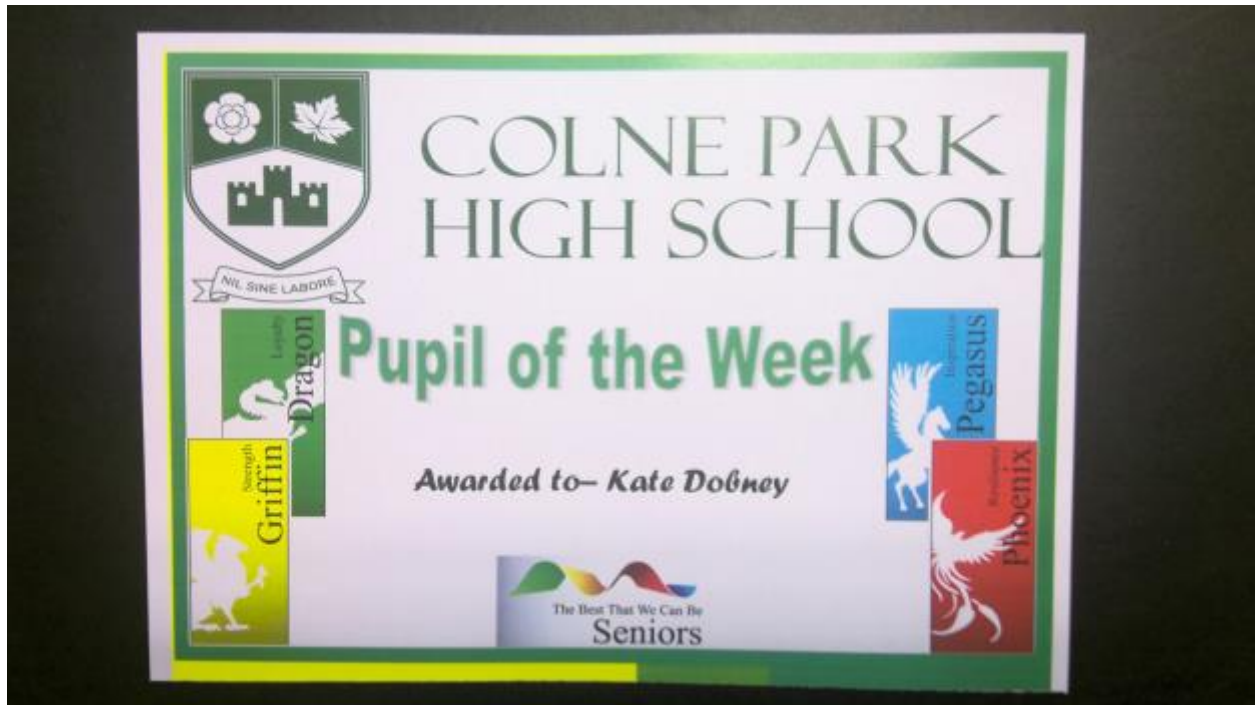

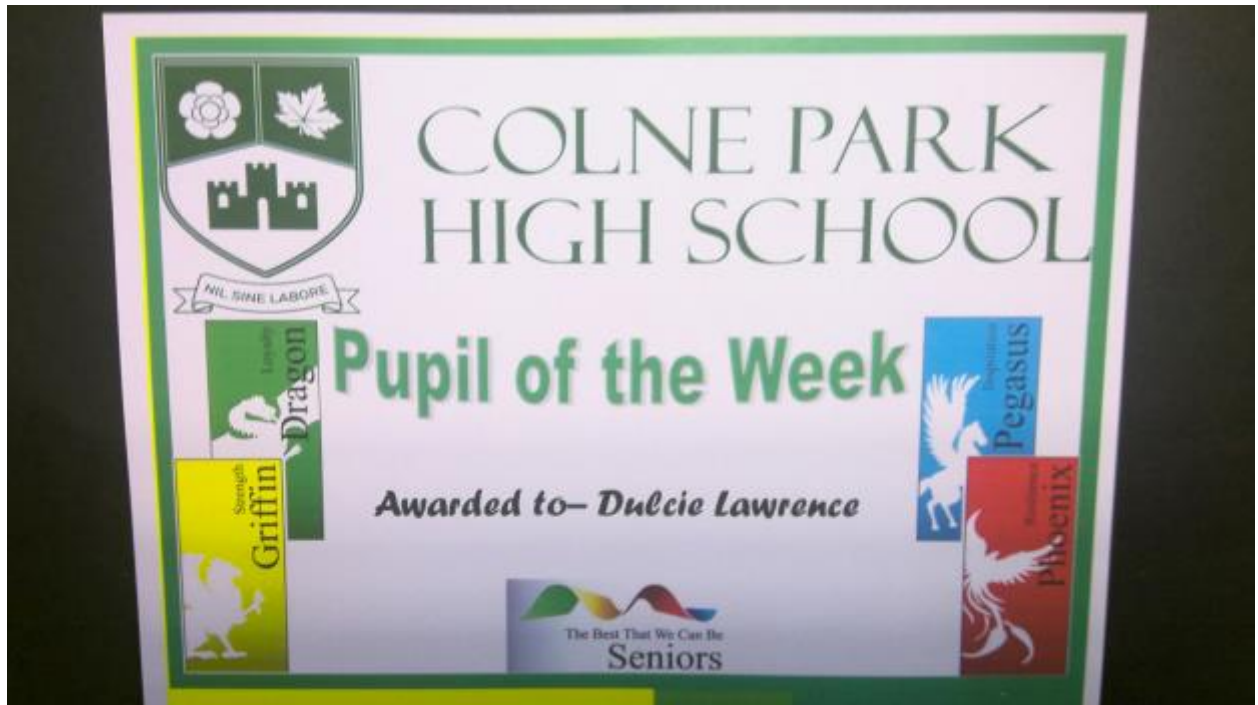

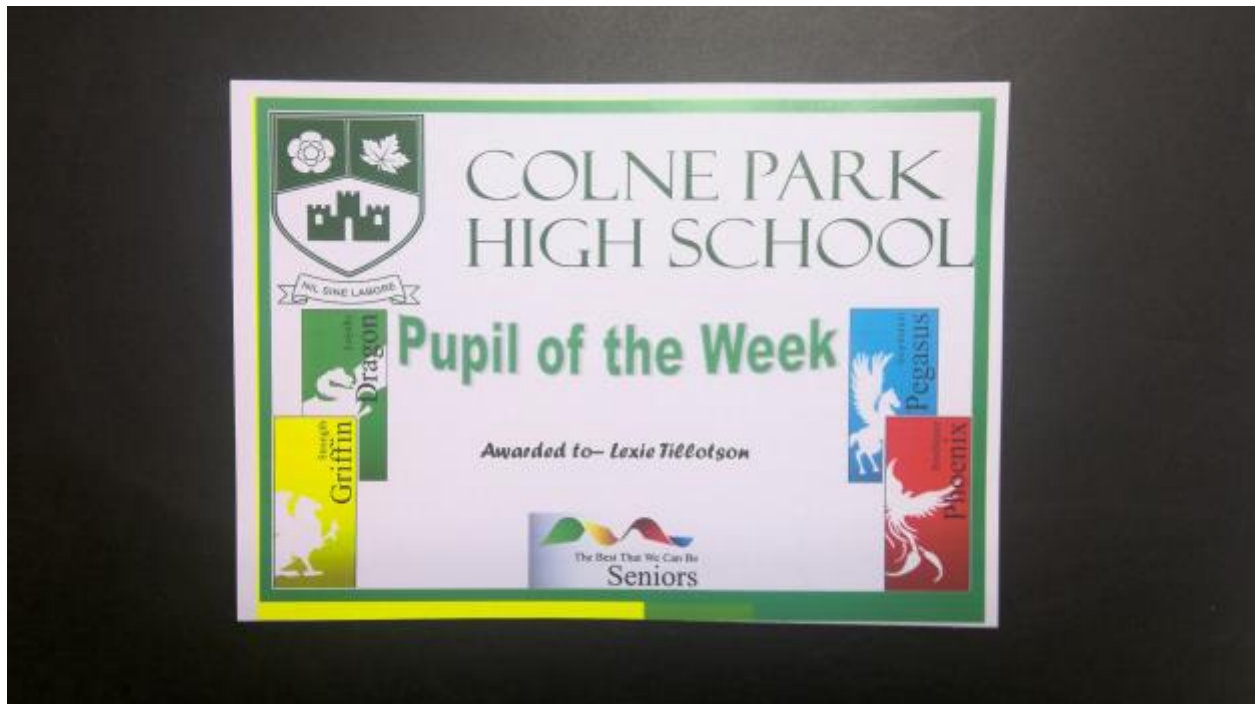

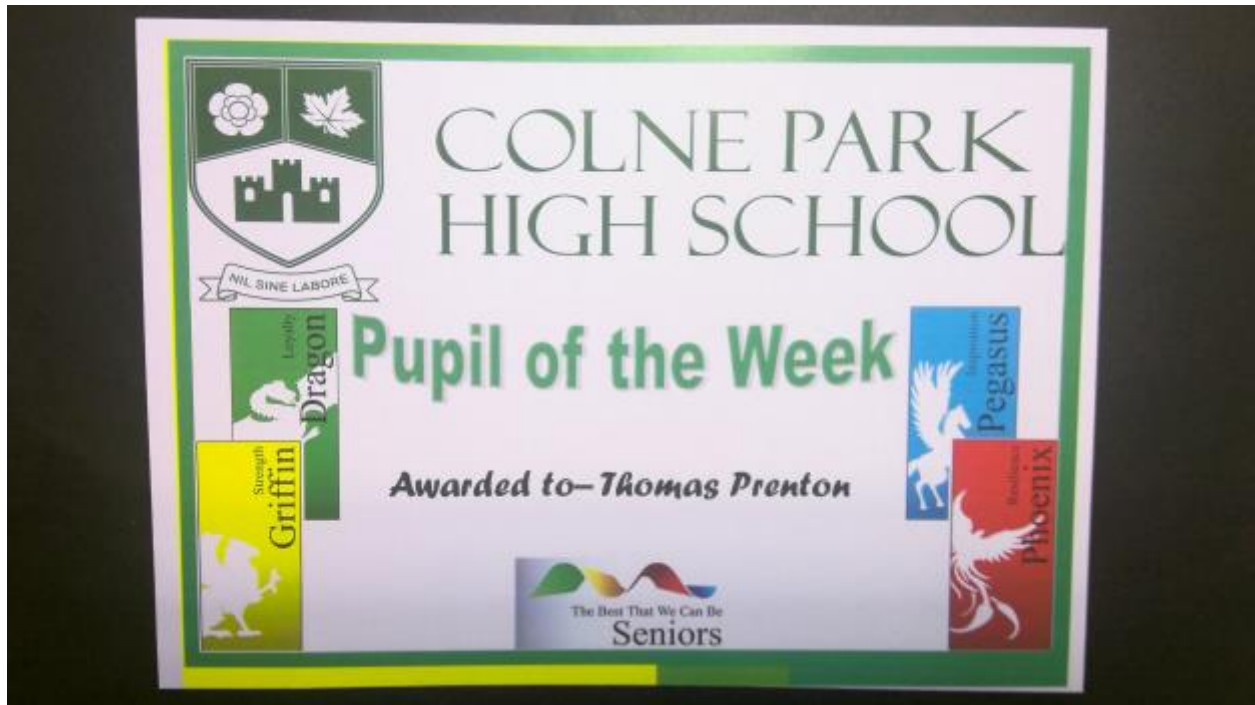

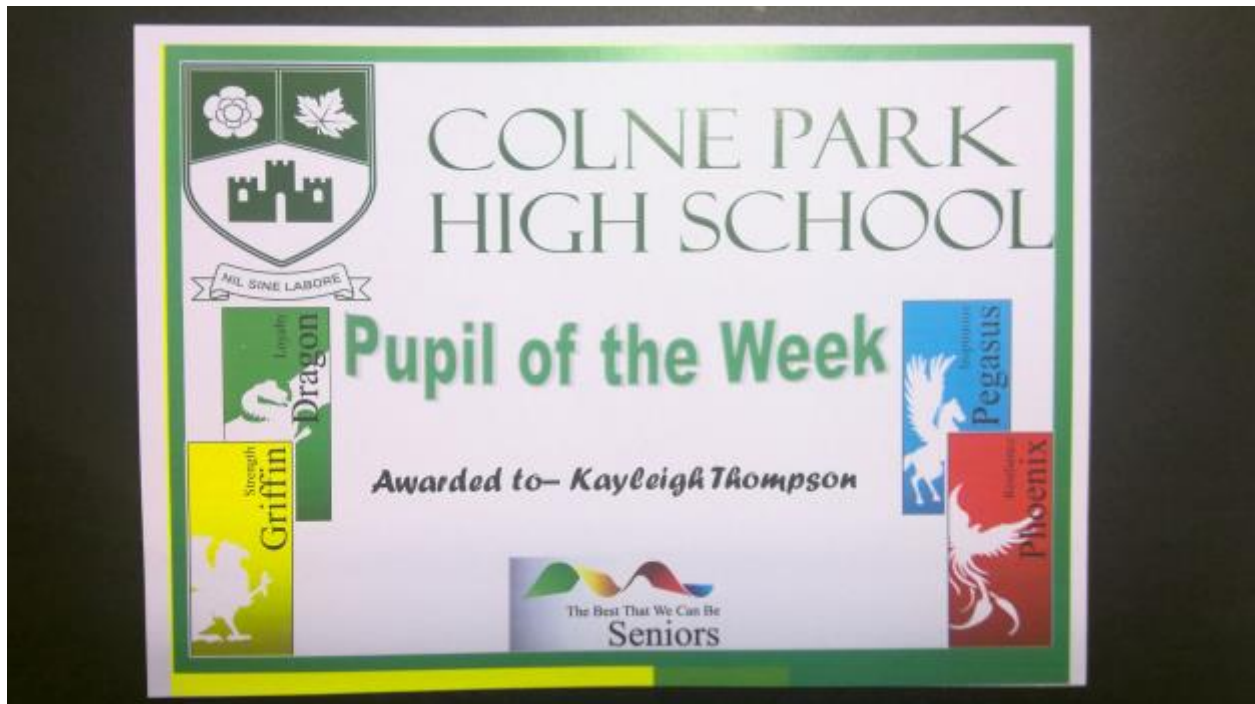

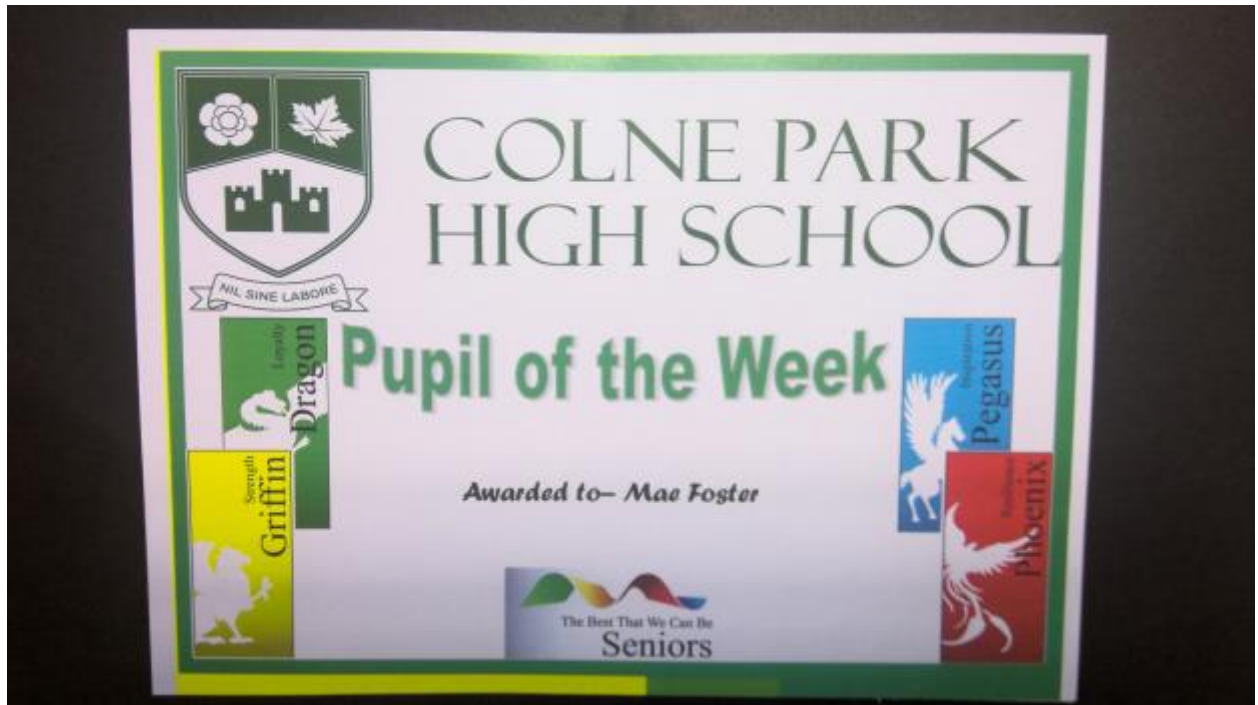

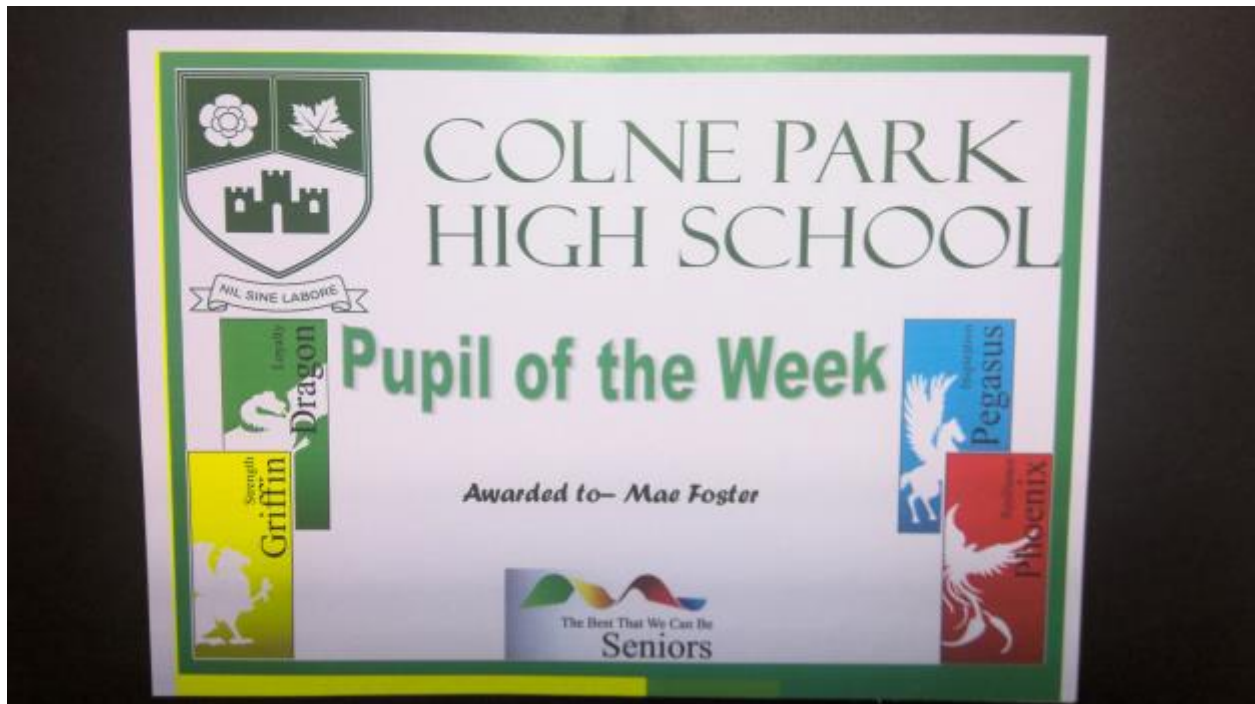

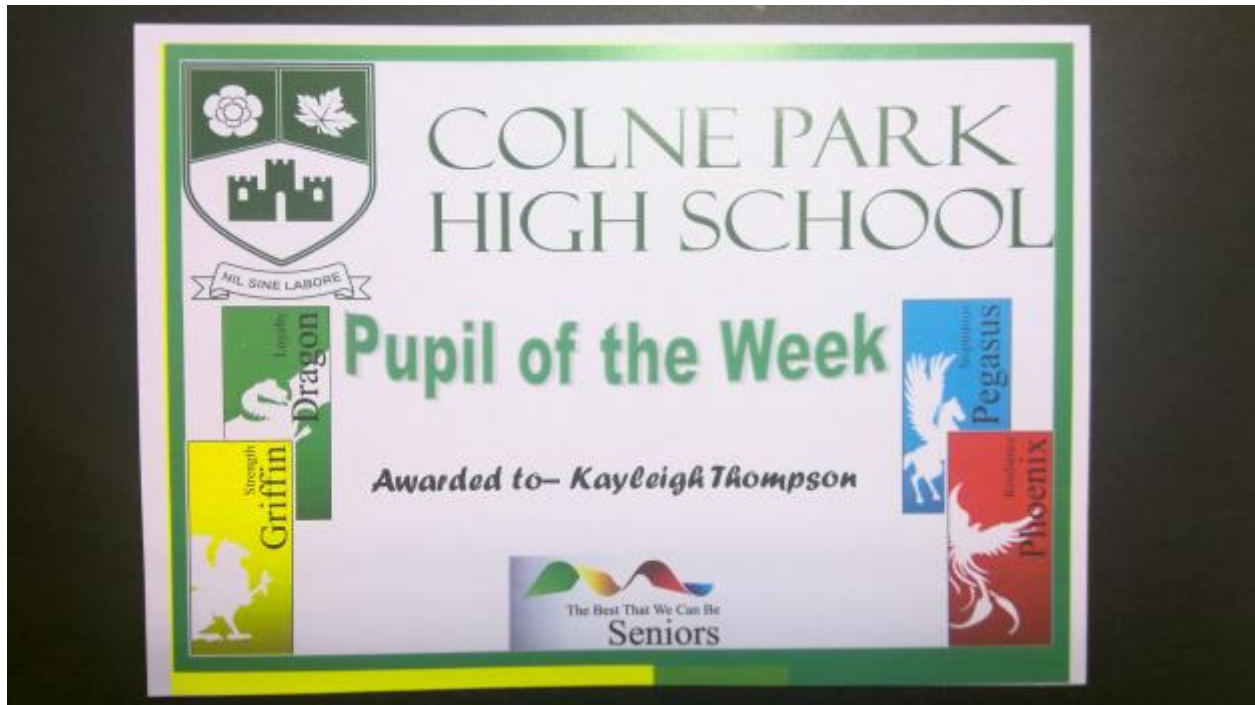

# COLNE PARK HIGH SCHOOL

## Pupil of the Week

*Awarded to— Georgina Botchway*

# COLNE PARK HIGH SCHOOL

## Pupil of the Week

*Awarded to— Jessica Holden*

## Inter house Cross Country

The weather ensured true cross country conditions with a number of days of wind, rain and mud - key ingredients to this week's Year's 7-9 inter house cross country. Students, however, showed true grit, strength, determination and resilience to overcome the conditions and represent their house. They have been absolutely fantastic and shown a real desire to be the 'Best they can be' as they tackled the course in both their PE lessons.

Students were running to get the best time they could both individually and to contribute to their house. Going into the final races today, the competition is extremely close and any house could still be House Champion when the results are revealed after half term.... Watch this space and may the best house win!

## Science@Park

**Mr. J. Fowler Head of Science writes:**

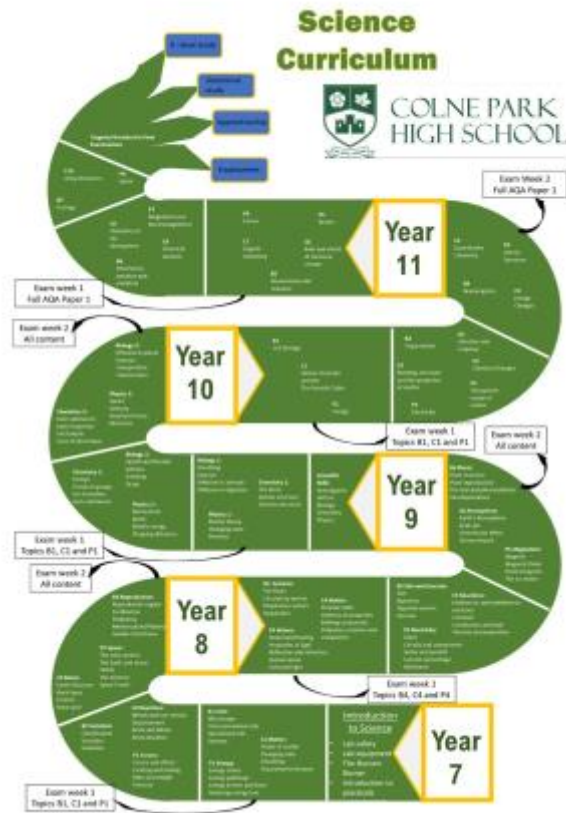

*"Science underpins everything in the world around us. As a department our goal is to foster a love of Science and to help students develop the enquiring minds that will enable them to become lifelong learners. We will guide learners to challenge their thinking and make informed arguments on issues.*

*Science underpins everything in the world around us. As a department our goal is to foster a love of Science and to help students develop the enquiring minds that will enable them to become lifelong learners. We will guide learners to challenge their thinking and make informed arguments on issues.*

To achieve this goal, students will use scientific reasoning and thinking skills to problem solve, communicate effectively, work cooperatively and use technology to become well rounded individuals for the modern global environment".

See below for the Science learning journeys across Ks3 and Ks4 and [visit the website for more details](#). If you have any further enquiries or questions please do not hesitate to contact [jfowler@park-high.co.uk](mailto:jfowler@park-high.co.uk)
