Patriotism@Park!

What a special occasion Friday morning has been as students from Park and neighbouring primary schools joined together for the Commonwealth Baton Relay in preparation for the forthcoming Commonwealth games. **The balloon arch was back in play with a quick switch of colour to red, white and blue** to support **Lottie Hesketh, Ethan Cothliff, Leah Harvey, Max Belshaw, Rhys Howard, Gemma Kenniford and Cameron Petty** who were selected to represent Park in carrying the baton. As always it was a huge team effort though with students in Years 7,8 and 9 out in force to line the run route to welcome the incoming (very excited and super fast) Park primary pupils for the baton handover. All eyes were then on for the all important handover..... the students nailed it (phew) and then set off on their way for Trawden, where Team Park were greeted by Team Trawden clapping and waving flags. Look out for more pictures of this event on **Parents@Park, Twitter and Facebook.**

The image is a certificate for Colne Park High School. At the top left is the school crest, which is a shield divided into four quadrants: top-left has a rose, top-right has a maple leaf, bottom-left has a castle tower, and bottom-right has another castle tower. Below the shield is a banner with the motto "NIL SINE LABORE". To the right of the crest, the school name "COLNE PARK HIGH SCHOOL" is written in a large, green, serif font. Below the school name, the words "Pupil of the Week" are written in a large, green, sans-serif font. In the center, it says "Awarded to- Lilly Scholey" in a smaller, black, sans-serif font. At the bottom center, there is a logo for "The Best That We Can Be Seniors" featuring a colorful wave graphic above the text. On the left side, there are three vertical banners: a yellow one with a griffin and the words "Strength" and "Griffin", a green one with a dragon and the words "Loyalty" and "Dragon", and a blue one with a pegasus and the word "Inspiration" and "Pegasus". On the right side, there is a red banner with a phoenix and the word "Resilience" and "Phoenix".

Careers@Park

This week is packed with careers! We have information on numerous short taster courses at local colleges/training providers. These look an amazing way to gain experience and an insight into these courses at a higher level. Chris Precious has been in touch from Nelson and Colne College with a host of top-level Engineering Apprenticeships which have recently become available. Year 10 Work Experience update and news of our Young Entrepreneurs.

Young Enterprise Company Programme

Park High succeeded in getting through to the County Finals which were held at UCLAN. They produced a Company Report which was to incorporate the running of Voila, the journey and its legacy and impact. This was followed by a Teams meeting with the judges who questioned them on their report and the business and finally a presentation to over 100 people at UCLAN. Unfortunately, the team did not progress into the next round but should be PROUD of their achievements and SUCCESSES, so far. Well done!!

Olivia Davies, Ellie Cawdron, Scarlett Atkinson, Rose Bradley, Syke Sagar, Alisha Butler and Reuben Harvey-Clapham

Year 10 Work Experience

Well done to the students that have managed to find a placement over the last few months of searching. We all look forward to coming out and visiting you between Monday 11th and Thursday the 21st of July. If you could take a student at your place of work please get in touch on careers@park-high.co.uk We have some students who have been working hard to find placements but have so far unfortunately been unsuccessful.

Apprenticeship Offers

Nelson & Colne College are currently recruiting in partnership with top local Engineering companies who are looking to recruit and employ apprentices for September.

These are fantastic apprenticeship opportunities to gain a first step into an Engineering career with world-class companies. Apprentices will earn and learn while training to become a fully skilled Engineer.

Candidates need to have good predicted Maths, English and Science GCSE grades (minimum grade 4), be hard-working, punctual and reliable with a keen interest to work in a hands-on Engineering role.
