What is Nest Lancashire?
Nest Lancashire is funded by Lancashire's Police and Crime Commissioner to support young people across the county who have been affected by crime or subjected to threats or harassment. Young people can talk to us in confidence and all of our services are free of charge. Our aim is to help these young people to recover from whatever it is they have experienced. Trained, friendly staff will be able to help them move forward and feel safe again.

Who is the service for?
Nest Lancashire supports anyone aged 5-18 who has been either a victim or a witness of crime or experienced an incident that has left them shaken. It doesn't matter if the crime or incident hasn't been reported to the police or if it happened a long time ago.

Young people don't always identify as victims and are sometimes unsure whether what has occurred does amount to a crime. We can help any young person that feels victimised or has experienced something that has left them shaken. There is no incident too small for us to offer support.

What support is available?
We provide individual support tailored to the young person's needs. Young people can talk to us over the phone, in person, email or send us a text. We will talk to the person to get to know them and decide the best way forward together.

We can offer:

- One to one support
- Group sessions with other young people
- Access to sport and other social activities
- Confidence building
- Help to ensure young people feel safe and secure again
- Support in reporting the crime if the young person would like to do so
- Information about young people's rights as a victim of crime
- Support for young people throughout the process if a case goes to court

Lancashire
County
Council 

We understand that school holidays can put extra pressure on family budgets, especially when food costs increase and children are at home more often.

Many families in receipt of free school meals have previously accessed school holiday food vouchers to help them through the holidays. From April 2026, national changes mean that school holiday food vouchers can no longer be provided in this way.

This change affects councils across England, including Pendle. We know this may be worrying, and we want families to know that we recognise the impact this may have on households.

Pendle Borough Council has produced this booklet to help families access practical food support during school holidays. You will find a directory of local options including community cafes, food pantries, local supermarkets, low cost food providers and digital apps such as Too Good To Go.

These are local services that families can use to help reduce food costs or access free or affordable meals for children.

We also want to reassure parents and carers that support is still available for families in crisis. If you are unable to feed your family or are facing immediate hardship, you may be able to apply for a Crisis Payment delivered locally through Citizens Advice East Lancashire. Support is also available through several community organisations throughout Pendle.

Pendle Borough Council is committed to supporting families through the cost of living pressures. Please reach out early if you are struggling.

Help is available, and this guide is here to support you.
