Year 10 Up and coming events

Year 10 students will receive their Mock Results Monday 5th July. After a virtual assembly from Mr Allen students will collect results from the outdoor tables and have time to discuss results with teachers and friends.

Mock Interview day

Mock Interviews are being held virtually using Microsoft Teams throughout PD day for Year 10's on Wednesday 14th July. Park is very lucky to have the support of local and national businesses who have a selection of professionals at the ready to walk through an interview with our students. Year 10 will also have chance to discuss these results as part of the Virtual Mock Interviews.

If at first a little daunting (!) the event promises to be a wonderful experience. The event grows year on year and despite this year's virtual format, we have the largest number of businesses involved since the event began some years ago.

Huge thank you if you have already offered your services - we could not run the event without the ongoing support of our local community and it makes such a difference to our students as we continue to help students to be work and life ready!

If you would like to be involved supporting and guiding our students either this year or in the future, please contact careers@park-high.co.uk. We have future events in the planning stages and always welcome external support to help our students experience real life beyond the walls of the classroom
